„Teaching VET educators for their different roles and challenges as innovators in Europe“ (VETteach)

Overarching goal

- Establish a **network** of universities providing initial and continuing education and training to future and current VET educators (Germany, Finland, Sweden, Norway, Spain, Switzerland)
- Share **good practice**
- Foster the **professionalization** of VET educators by providing a high-quality education and training

Areas of interest

Compare and learn from the country-specific perspective

- Civic engagement
- VET educators further training
- Students learning at the workplace
- VET educators as guides of their students and their careers
- Integration of disadvantaged people
- Digitalisation

„Teaching VET educators for their different roles and challenges as innovators in Europe“ (VETteach)

Target groups

- Staff involved in curriculum and course development, and teaching future VET teachers and researchers
- Future VET educators
- Current VET teachers

Results / products

- Establish a co-operation between the VETteach network and associated networks
- Reports on the exchange of good practice
- Overview of present and future challenges
- A paper describing the challenges for VET TE providers
- Follow-up application → focus on: development of transnational qualifications modules
- Consolidation and expansion of the co-operation among VETteach partners and other VET TE institutions in terms of the content and practice of VET TE
